Review: David and Jonathan were true friends.

Today, we will hear about David and his mighty men in the En-Gedi wilderness where they hid from King Saul. King Saul wanted to hurt David because he was jealous that the people liked David more than him. Point out Jerusalem and the En-Gedi wilderness. The En-Gedi wilderness provided good hiding places for David and his mighty men. Reveal Bible Story Scripture Reference: 1 Samuel 24:2-13, 16-19. Find It First. Highlight Key Verse: 1 Samuel 24:12. THE WAY TRUSTING GOD AS JUDGE

How many men did King Saul choose to hunt for David? (3,000.) Who was hiding in the cave when King Saul came in? (David and his men.) David could have killed King Saul. What did he do instead? (Cut a piece from King Saul's robe.) Why do you think David felt bad? (David knew he had been disrespectful to the king God had chosen.)

In the cave, what did the mighty men think David should do to King Saul? (Take revenge by killing Saul.) Why did David say he would never kill him? (Because Saul had been anointed by God as king of Israel.) David loved and respected God too much to harm his choice for king.

An enemy is anyone who tries to hurt you on purpose. David's men wanted him to take revenge on King Saul. Revenge means harming someone to pay them back for doing harm. Have you or your friends ever wanted to take revenge on someone who has hurt you?

Taking revenge is a wrong choice. Because David was a man after God's own heart, he was always focused on what God would want, not what he wanted. Who did David trust to be the judge over himself and Saul? (God.) When you take revenge, you are taking God's job as judge. Why would God as "the King who knows our hearts" be a better judge than you? (He knows the true reasons why we did wrong. He knows if we are truly sorry. He knows if we will truly repent.)

Why do you think David chose to risk his life and speak to Saul? How did King Saul react? (He was surprised and asked God to bless David.) Even though King Saul was still David's enemy, he had a positive reaction when David treated him well. This is an example of overcoming evil with good.

CHRIST CONNECTION:

Over one thousand years later, the Bible tells us why David was right to trust the Lord as judge over his enemies. Let's see what the Bible says. Reveal Romans 12:17-21. Read. Find It First. Highlight. Read.

To heap burning coals on an enemy's head means to provide burning coals for an enemy's fire. Have you ever been kind to someone who was treating you like an enemy? Why do you think it is wrong to repay evil with evil? What change can you make to live at peace with others? Can you give an example of overcoming evil with good?
